1. PURPOSE

This policy sets out the framework for a clear and consistent assessment of the overall performance of teachers, including the Head of School and CEO, and for supporting their development within the context of the College Improvement Plan for improving educational provision and performance, in line with the standards expected of teachers, supporting their professional development needs within the context of the College Improvement Plan and their own professional needs. It also sets out the arrangements that will apply when teachers fall below the levels of competence that are expected of them.

Appraisal in the College will be a supportive and developmental process designed to ensure that all teachers have the skills and support they need to carry out their role effectively. It will help to ensure that teachers are able to continue to improve their professional practice and to develop as teachers.

Assessment of performance throughout the cycle, against the performance criteria specified in the planning and review statement will be the basis on which the pay recommendation is made by the appraiser, where teachers are eligible for pay progression.

This policy should be read in conjunction with the College Pay Policy which provides details of the arrangements relating to teachers' pay in accordance with the School Teachers' Pay and Conditions Document, where appropriate, and with the Teachers' Standards (2012).

2. SCOPE

This policy covers appraisal and applies to the Head of School and to all teachers employed by the College, except those on contracts of less than one term, those undergoing induction (ie ECTs) and those who are subject to capability procedures. This policy is also clearly aligned with:

- The College Improvement Plan
- The Staff Appraisal Policy for Support Staff
- Department for Education guidance on appraisal in schools

The College appraisal systems will be monitored and validated through the Self Evaluation Form, and through the College Improvement Plan.

Employees and governors have been consulted about the introduction of this policy and it will be evaluated and reviewed every three academic years.

All appraisers are expected to explore the alignment of teachers' objectives with the priorities and plans of the College. The objectives should also reflect teachers' professional aspirations and the Teachers' Standards.

3. ROLES AND RESPONSIBILITIES

The Governing Body is responsible for monitoring appraisal arrangements, for appointing governors as appropriate, as appraisers for the Head of School and CEO, and for undertaking action in respect of any appeals.

The Chair of Governors is responsible for retaining documentation relating to the Head of School and CEO's appraisal, and for actioning any requests to forward such documentation.

The Head of School is responsible for reviewing, or assigning appraisers for all teachers, retaining copies of all documentation relating to teachers' appraisal and actioning any requests to forward such documentation, and for reporting annually to the Governing Body about appraisal.

Teachers are required to act as appraisers if this role has been delegated to them.

All teachers, including the Head of School and CEO, are required to play an active role in their own appraisal.

4. APPOINTMENT OF APPRAISERS FOR THE HEAD OF SCHOOL AND CEO

The Governing Body are the appraisers for the Head of School and CEO and to discharge this responsibility on its behalf, may appoint a sub-committee of 2 or 3 governors and/or appoint a suitably experienced external appraiser.

Where a Head of School or CEO is of the opinion that any person appointed by the Governing Body under this regulation is unsuitable for professional reasons, he/she may submit a written request to the Governing Body for that person to be replaced, stating those reasons.

5. APPOINTMENT OF APPRAISERS FOR TEACHERS

In the case where the Head of School is not the teacher's Line Manager he/she may delegate the duties imposed upon the appraiser, in their entirety, to the teacher's Line Manager.

The Head of School will be the appraiser for all those teachers he/she directly line manages and will delegate the role of appraiser in its entirety to the relevant Line Managers for some or all other teachers.

The maximum number of reviews that any Line Manager will be expected to undertake per cycle is five.

Where a teacher has more than one Line Manager the Head of School will determine which Line Manager will be best placed to manage and review the teacher's performance.

Where a teacher is of the opinion that the person to whom the Head of School has delegated the appraiser's duties is unsuitable for professional reasons, he/she may submit a written request to the Head of School for that appraiser to be replaced, stating those reasons.

Where it becomes apparent that the appraiser will be absent for the majority of the cycle, or is unsuitable for professional reasons, the Head of School may perform the duties himself/herself or delegate them in their entirety to another teacher. Where this teacher is not the teacher's Line Manager the teacher will have an equivalent or higher status in the College's structure to the teacher's Line Manager.

An appraisal cycle will not begin again in the event of the appraiser being changed.

All Line Managers to whom the Head of School has delegated the role of appraiser will receive appropriate preparation for that role.

6. THE APPRAISAL CYCLE

The performance of teachers must be reviewed on an annual basis. Performance planning and reviews must be completed for all teachers by 31st October and for the Head of School by 31st December.

The appraisal cycle will run from 1st November to 31st October for teachers, the Head of School and CEO.

The cycle will start with a planning meeting and will end with a review meeting. These two meetings may be combined to form a single meeting that will mark the end of one cycle and the start of the next cycle.

Teachers who are employed on a fixed term contract of 1 term or more will have their performance appraised in accordance with the principles underpinning the provisions of this policy. The length of the cycle will be determined by the duration of their contract.

Where a teacher starts employment at the College part-way through a cycle, the Head of School (or where the teacher is the Head of School or CEO, the Governing Body) shall determine the length of the first cycle for that teacher, with a view to bringing his/her cycle into line with the cycle for other teachers at the College as soon as possible.

Where a teacher transfers to a new post within the College part-way through a cycle, the Head of School (or where the teacher is the Head of School or CEO, the Governing Body) shall determine whether the cycle shall begin again and whether to change the appraiser.

7. CONSISTENCY OF TREATMENT AND FAIRNESS

The Governing Body is committed to ensuring consistency of treatment and fairness in the operation of appraisal. The Governing Body is also committed to ensuring that the appraisal process is fair and is non-discriminatory (for example on the basis of race, gender, sexual orientation, disability, religion and belief, age, marital status, part time contracts and trade union membership). To ensure this, provisions are made in relation to moderation, quality assurance and objective setting.

7.1 Quality Assurance – Teachers Other than the Head of School

If the Head of School has determined that s/he will delegate the appraiser role for some or all teachers for whom s/he is not the line manager, the Head of School will moderate a sample of planning statements to check the plans recorded:

- Are consistent between those who have similar experience and similar levels of responsibility; and
- Comply with this policy, the regulations and the requirements of equality legislation.

7.2 Quality Assurance – Head of School

The Governing Body will quality assure the Head of School's planning statement.

The Governing Body will review the quality assurance processes when the Appraisal Policy is reviewed.

8. OBJECTIVE SETTING AND PERFORMANCE CRITERIA

At the start of the cycle, the appraiser and teacher will have a planning meeting during which:

- Objectives will be set
- Performance criteria will be determined
- Training and support needs will be determined
- Details of what will be used to inform the review of performance and how it will be gathered will be determined.

Evidence will consist of records of formal lesson observations, analysis of data capture, analysis of work scrutiny, progress and outcomes for students. Lesson observations will be in accordance with the Classroom Observation Protocol (see Appendix A).

All appraisers are expected to explore the alignment of teachers' objectives with the priorities and plans of the College. The objectives should also reflect teachers' professional aspirations and the Teachers' Standards (Appendix B).

The objectives set will be SMART in relation to teachers with similar roles/responsibilities and experience. They shall also take account of the teacher's professional aspirations and any relevant pay progression criteria, and should be such that, if they are achieved, they will contribute to improving the progress and outcomes of students at the College.

Teachers, including the Head of School and CEO, whose posts have responsibilities outside of the classroom, should also expect to have their performance of those responsibilities observed and assessed.

The appraisal cycle is annual, but on occasions it may be appropriate to set objectives that will cover a period over more than one cycle. In such cases, interim performance criteria for the end of the cycle, as well as performance criteria for the overall objective, will be recorded in the planning and review statement at the start of the cycle.

The appraiser and teacher will seek to agree the objectives, but where a joint determination cannot be made the appraiser will make the determination.

All teachers, including the Head of School and CEO, will have an objective linked to the whole College Improvement Plan. The number of objectives per cycle should be no more than three for a MPS teacher with an additional whole school UPS target which aligns with the College's Improvement Plan for those teachers on the UPS range.

Though appraisal is an assessment of overall performance of teachers, the Head of School and CEO, objectives cannot cover the full range of a teacher's roles/responsibilities. Objectives will, therefore, focus on the priorities for an individual for the cycle. At the review stage it will be assumed that those aspects of the teacher's roles/responsibilities not covered by the objectives (or any amendment to the statement which may have been necessary in accordance with the provisions of the regulations) have been carried out satisfactorily.

9. OBSERVATION

Observation of classroom practice and other responsibilities are important both as a way of assessing teachers' performance in order to identify any particular strengths and areas for development they may have and of gaining useful information which can inform College development and improvement more generally. All observation will be carried out in a supportive fashion. (Appendix A)

Teachers' performance will be regularly observed but the amount and type of classroom observation will depend on the individual circumstances of the teacher and the overall needs of the College. Classroom observation will be carried out by those with QTS. In addition to formal observation, the Head of School and/or other leaders with responsibility for teaching standards will undertake Drop In/ 'Learning Walks' in order to evaluate the standards of teaching and to check that high standards of professional performance are established and maintained. The length and frequency of observations through Drop In/ 'Learning Walks' will vary depending on specific circumstances.

10. FEEDBACK

Teachers will receive constructive feedback on their performance throughout the year and as soon as practicable after observation, data capture, work scrutiny has taken place or other evidence has come to light (Appendix A provides details). Feedback will highlight particular areas of strength as well as any areas that need attention. Where there are concerns about any aspects of the teacher's performance the appraiser will meet the teacher formally to:

- Give clear feedback to the teacher about the nature and seriousness of the concerns

- Give the teacher the opportunity to comment and discuss the concerns
- Agree any support (eg coaching, mentoring, structured observations), that will be provided to help address those specific concerns
- Write a clear support action plan with SMART targets and clear success criteria Make clear how, and by when, the appraiser will review progress
- Explain the implications and process if the required improvements are not made.

When progress is reviewed, if the appraiser is satisfied that the teacher has made, or is making, sufficient improvement, the appraisal process will continue as normal, with any remaining issues continuing to be addressed through that process.

11. TRANSITION TO CAPABILITY

If the appraiser is not satisfied with progress, the teacher will be notified in writing that the appraisal system will no longer apply and that their performance will be managed under the relevant Capability Policy. The Line Manager/appraiser should provide the teacher with a copy of the policy for their reference before any meeting takes place.

12. ANNUAL ASSESSMENT

Each teacher's performance will be formally assessed in respect of each appraisal period. In assessing the performance of the Head of School, the Governing Body must consult the sub-group of Governors and/or the external adviser.

This assessment is the end point to the annual appraisal process, but performance and development priorities will be reviewed and addressed on a regular basis throughout the year in interim meetings which will take place.

The teacher, Head of School and CEO will receive as soon as practicable following the end of each appraisal period – and have the opportunity to comment in writing on - a written appraisal report by 31st October.. The appraisal report will include:

Details of the teacher's objectives for the appraisal period in question;

- An assessment of the teacher's performance of their role and responsibilities against their objectives and the relevant standards
- An assessment of the teacher's professional development needs and identification of any action that should be taken to address them
- A recommendation on pay where that is relevant

13. TRAINING AND SUPPORT

The CPD programme of the College will be informed by the training and development needs identified in the CPD Record of the teachers' planning and review statements. Training and support will be personalised to the needs of individual teachers, as well as the needs of a specific department.

The Governing Body will ensure in the budget planning that, as far as possible, appropriate resources are made available in the College budget for training and support agreed for teachers.

Appraisers will be made aware of the College budget for CPD prior to the planning meeting, and must take this into account when discussing the training and support necessary to enable the teacher to meet their objectives.

With regard to the provision of CPD in the case of competing demands on the College budget, a decision on relative priority will be taken with regard to:

- The extent to which the CPD identified is essential for a teacher to meet their objectives
- The extent to which the training and support will help the College to achieve its priorities

The priorities of the College will take precedence.

Teachers will not be held accountable for failing to make good progress towards meeting their performance criteria where the support recorded in the planning statement has not been provided.

An account of the training and development needs of teachers in general, including the instances where it did not prove possible to provide any agreed CPD, will form a part of the Head of School's annual report to the Governing Body about the operation of appraisal in the College.

14. APPEALS

At specified points in the appraisal process, the teacher, Head of School and CEO Head of School have a right of appeal against any of the entries in their planning and review statements. Where a teacher wishes to appeal on the basis of more than one entry this would constitute one appeal hearing.

They may appeal in writing within 5 working days of receiving formal notification of the decision setting out at the same time the grounds for appeal.

Appeals will be heard without unreasonable delay and, where possible, at an agreed time and place. The same arrangements for notification and right to be accompanied by a trade union representative or work colleague will apply as with any meeting, as per the College policies. Notes will be taken and a copy sent to the teacher.

Wherever possible the appeal will be heard by managers or governors who have not previously been involved in the case.

The teacher will be informed in writing of the outcome of the appeal meeting as soon as possible, generally within 5 working days.

15. CONFIDENTIALITY AND RETENTION OF DOCUMENTATION

The whole appraisal process and the statements generated under it, in particular, will be treated with strictest of confidentiality at all times. Only the teacher's Line Manager (or, where he/she has more than one, each of his/her Line Managers) will be provided with access to the teacher's plan recorded in his/her statement, upon request, where this is necessary. Confidentiality cannot be agreed going forward where a teacher lodges an appeal however and others are brought in to the process.

Teachers will be told who has requested and has been granted access.

The CPD co-ordinator for the College will be provided with details of the CPD training and support requirements of all teachers, including the Head of School and CEO.

Appraisal planning and review statements will be retained for a minimum period of 6 years.

In the event of a teacher, the Head of School or CEO Head of School, moving to another College/school, he/she has the right to request that their planning and review statement be forwarded to their new College/school. If such a request is not made the statement will be retained as detailed above.

16. REVIEW OF THE POLICY

The Governing Body will review the Appraisal Policy every three academic years.

The Governing Body will take account of the Head of School 's report in its review of the Appraisal Policy. The policy will be revised as required to introduce any changes in regulation and statutory guidance to ensure that it is always up-to-date.

To ensure teachers are fully conversant with the appraisal arrangements, all new teachers who join the College will be briefed on them as part of their induction to the College.

17. ACCESS TO DOCUMENTATION

General appraisal documentation can be accessed on the College shared drive. Copies of individual appraisal documentation will be stored securely in accordance with the College's data protection procedures.

APPENDICES

APPENDIX A

CLASSROOM OBSERVATION PROTOCOL

1. The Governing Body is committed to ensuring that classroom observation is developmental and supporting and that those involved in the process will:
 - Carry out the role with professionalism, integrity and courtesy;
 - Ensure all observers have QTS;
 - Evaluate objectively;
 - Report accurately and fairly; and
 - Respect the confidentiality of the information gained.

The total period for classroom observation arranged for any teacher in respect of appraisal will not exceed 3 hours per cycle, having regard to the individual circumstances of the teacher. There is no requirement to use all of the 3 hours. The amount of observation for each teacher will reflect and be proportionate to the needs of the individual. This will be determined by the employee meeting the Teachers' Standards appropriate to their scale and their specific teaching and learning responsibility.

2. The arrangements for classroom observation will be included in the planning and review statement or/and the teaching and learning policy which will indicate/specify:
 - The amount of observation;
 - Its primary purpose;
 - Any particular aspects of the teacher's performance which will be assessed;
 - The duration of the observation;
 - When during the appraisal cycle the observation will take place;
 - Who will conduct the observation.
3. Where evidence emerges about the teacher's teaching performance which gives rise to concern during the cycle, classroom observations may be arranged in addition to those recorded at the beginning of the cycle subject to a revision meeting being held in accordance with the appraisal regulations.
4. Information gathered during the observation will be used, as appropriate, for a variety of purposes including to inform College self-evaluation and College development strategies in accordance with the commitment to streamline data collection and minimise bureaucracy and workload burdens on employees.
5. In keeping with the commitment to supportive and developmental classroom observation, those being observed will be notified in advance.
6. Classroom observations will only be undertaken by persons with QTS. In addition, classroom observation will only be undertaken by those who have had adequate preparation and have the appropriate professional skills to undertake observation and provide

constructive oral and written feedback and support, in the context of professional dialogue between colleagues.

7. Oral feedback will be given as soon as possible after the observation and no later than the end of the following working day. It will be given during directed time in a suitable private environment.
8. Written feedback will be provided within 5 working days of the observation taking place.
9. If issues emerge from an observation that were not part of the focus of the observation, as recorded in the planning and review statement, these will also be covered in the written feedback and appropriate action taken in accordance with the regulations and guidance.
10. The written record of feedback will include the date on which the observation took place, the lesson observed and the length of the observation.
11. The teacher has the right to append written comments on the feedback document. No written notes other than the written feedback will be kept.
12. The Head of School has a duty to evaluate the standards of teaching and learning and to ensure that proper standards of professional performance are established and maintained. The Head of School has a right to undertake Learning Walks to inform their monitoring of the quality of learning. Clearly the appraisal arrangements are integral to fulfilling this duty and the Head of School may consider the classroom observations he/she have agreed for appraisal are sufficient and that a Learning Walk will not be needed.
13. Drop In/Learning Walks will be undertaken by the Head of School supported by the following appropriate and designated member(s) of staff:
 - Vice Principal
 - Assistant Principals
 - Heads of Department
